

PRESS RELEASE

Anchorage Daily News* upgrades inserter with all new **GIS X-STREAM GRIPPERS*

The *Anchorage Daily News* will replace all of their grippers on their SLS1000 inserting system with all new heavy-duty GIS X-STREAM GRIPPERS.

Backed by an exclusive 10-Year Warranty, the GIS X-STREAM GRIPPER maintains continuous perfect product pressure from 1 to 1000 pages.

Anchorage, Alaska From coast to coast and from Texas to Alaska, newspapers are replacing their old, worn-out and ineffective grippers with all new **GIS X-STREAM GRIPPERS**. The *Anchorage Daily News* is the latest to upgrade their Muller Martini / GMA SLS1000 with **GIS X-STREAM GRIPPERS**. GIS guarantees it will not drop product throughout the inserting line.

“We researched the gripper replacement options for our SLS1000 and based on the superior design, value pricing and strong customer testimonials - we chose the GIS X-STREAM GRIPPER,” stated Anchorage Daily News Mailroom Maintenance Supervisor, Craig Blake. *“We have 3D chain in steel track so we also like the fact that GIS X-STREAM GRIPPERS extend existing chain life”*, added Mr. Blake.

The **GIS X-STREAM GRIPPER** provides perfect product pressure, reduces labor costs, increases conveyor chain life and improves count accuracy. *“We’ve recently increased our GIS X-STREAM GRIPPER manufacturing capacity to accommodate the increased demand”*, stated GIS president Randy Seidel.

GIS is a global provider of system integration processes for the newspaper and commercial printing industries dedicated to providing creative post-press solutions for improving manufacturing efficiencies, reducing costs and improving profitability. GIS also provides production facility consolidation and brokering services. For additional GIS information, please contact: Bruce Barna • 412-973-3388 • bruce@gis-now.com.
