

PRESS RELEASE

Tribune Direct Taps GIS for their 3rd and 4th Magnapak Installation

GIS sold a 32-1 Magnapak Inserting System from the Fresno Bee in California, a McLatchy Newspaper. GIS performed the disassembly, reconditioning and reinstallation of the MAGNAPAC machines by expanding two existing machines to over 40 stations. Director of Technology and Operations and Chief Security Officer, Craig Sipich, selected GIS based on the great track record on the last 2 Magnapak installations and Randy Seidel's vast engineering experience and professional leadership on sight.

GIS is a global provider of system integration processes for the newspaper and commercial printing industries dedicated to providing creative post-press solutions for improving manufacturing efficiencies, reducing costs and improving profitability. **GIS** also provides production facility consolidation and brokering services.
