

Tuscaloosa News Taps GIS for Optimization and Upgrade of SLS2000

Tuscaloosa, AL - *Tuscaloosa News*, a Gatehouse Media Company, tapped **GIS** to upgrade and optimize their SLS2000 High Speed Inserting System. In order to provide *Tuscaloosa News* with the most efficient output, **GIS** upgraded the output conveyor system, all of the pockets and benchmarked all of the feeders. “The machine is now capable of running up to full speed again” stated Production Manager Steve Fowler. “We chose **GIS** for its inserting experience and our off times are now on track and deadlines are being met” said Publisher Jim Rainey.

GIS is a global provider of system integration processes for the newspaper and commercial printing industries dedicated to providing creative post-press solutions for improving manufacturing efficiencies, reducing costs and improving profitability. **GIS** also provides production facility consolidation and brokering services. For additional **GIS** information, please contact: Randy Seidel by calling 610-217-3019 or by emailing Randy@gis-now.com
