

# ***Butler Eagle* upgrades inserter with all new **GIS X-STREAM GRIPPERS****

Backed by an exclusive 10-Year Warranty, the **GIS X-STREAM GRIPPER** maintains continuous perfect product pressure from 1 to 1000 pages.

The *Butler Eagle* will replace all of their grippers on their SLS1000 inserting system with all new heavy-duty **GIS X-STREAM GRIPPERS**.

**Butler, Pennsylvania** – Newspapers of all sizes and all across North America are replacing their old, worn-out and ineffective grippers with all new **GIS X-STREAM GRIPPERS**. The *Butler Eagle* is the very latest to upgrade their Muller Martini / GMA SLS1000 with **GIS X-STREAM GRIPPERS**. **GIS** guarantees it will not drop product throughout the inserting line.

*“We like the fact that we didn’t need to replace our old 3D chain, based on the unique non-torquing design of the **GIS X-STREAM GRIPPERS**.”* stated Butler Color general manager, Ron Vodenichar.

The **GIS X-STREAM GRIPPER** provides perfect product pressure, reduces labor costs, increases conveyor chain life and improves count accuracy. “We continue to increase our **GIS X-STREAM GRIPPER** manufacturing capacity to accommodate the increased demand”, stated **GIS** president Randy Seidel.

**GIS** is a global provider of system integration processes for the newspaper and commercial printing industries dedicated to providing creative post-press solutions for improving manufacturing efficiencies, reducing costs and improving profitability. **GIS** also provides production facility consolidation and brokering services.
